

A BOON TO SICK WOMEN.

After four years of vain endeavor to regain her health by taking other medicines, Miss Beatrice Wood was made a perfectly well woman by taking Wine of Cardui, the most successful menstrual regulator and woman's tonic known to the science of medicine.

She took Wine of Cardui and that is what we advise you to do.

Will you follow her example and be a well woman?

We could show you letters from 10,000 other women who praise Wine of Cardui as she praises it.

WINE of CARDUI

No. 14 Main St., DESSA, Fla., Nov. 20, 1903.

I had been suffering with irregular, scanty and most painful menstruation, and when the periods occurred I was unable to be up and had to stay in bed for a day or two. Nothing I took helped me until I used Wine of Cardui. It proved to be just what I needed. Within two months the serious pain had disappeared, my headaches were less frequent and not so severe and felt very much encouraged, but had to use your medicine for four months before I was entirely well and regular. I have enjoyed the best health now for eighteen months. I am very regular and have no more pains and rest and sleep as well as could be desired.

The Wisest Act of All

Burial insurance is as important and beneficial in its way as life insurance.

It costs but little to join the HARRISON MUTUAL BURIAL ASSOCIATION. Just \$6.00 membership fee and a very occasional assessment of one dollar when extraordinary emergency so demands. Since the Association was formed there have been only three assessments and the average cost to each member for the burial of a deceased member has been less than 2-3c.

Everything connected with the business of the Association is open to the most searching examination. Neither agents nor officers of the organization receive remuneration from the monies collected, the Association's income being used solely for burial purposes.

Pythian enthusiasm and loyalty were displayed in a marked degree by Mark Cook of Charles H. Hall lodge, No. 105, of Mount Gilead, O., when he presented to his lodge a deed for a Pythian castle land valued at \$3,000.

New Orleans has started a movement to build a Pythian temple to cost \$250,000.

Reports presented at the recent session of the grand temple of Hathorne Sisters of Indiana show a present membership of 7,162 Knights and 10,745 Sisters.

The latest report of the supreme keeper of records and seal shows there are 12 past supreme chancellors, 1,072 past grand chancellors and 110,088 past chancellors in the order.

Pythianism offers a wide field of usefulness for every fraternalist.

Every member of the order should know all of the laws of the order, be a good parliamentarian and have a full and ready knowledge of the bylaws of his own lodge.

The next meeting of the supreme lodge and encampment of the uniform rank will be held in New Orleans in 1908, beginning the third Tuesday in October.

A degree still, whether perfect in the work or not, is a benefit to any lodge, says the Iowa Odd Fellow.

It creates an interest from the beginning, and as the members become more perfect in the work they will attend as regularly as possible. Others who are not members of the staff will come also to see the work practiced and be interested in its progress. So we will say that regular attendance is one benefit to be derived from this work.

Every lodge cannot have a good staff with a small membership unless they happen to be those who can devote a good share of their time to the work. Every lodge should begin with a staff as soon as possible. It is a benefit in so many ways. It helps to build up the order, it helps each member, it teaches us to work together, and all for the same purpose. In that way it helps to preserve the harmony which should prevail.

Arkansas increased over 3,000 in membership during the past year and now has 15,000 members in good standing. There are over 4,000 Rebekahs in the state.

The gavel presented to the grand sire by Norrisville lodge at Philadelphia was made from the branch of a tree grown upon the site of Washington's cabin or headquarters at Valley Forge.

The oldest encampment in Pennsylvania is Philadelphia encampment, No. 1. It recently celebrated its seventy-eighth anniversary.

In Ontario there are some 300 lodges, with a membership of 30,000 and funds to their credit aggregating \$1,500,000. The total benefits and relief paid last year were over the \$100,000 mark.

A class of sixty candidates was in Topeka, Kan., recently, and large gains in membership are reported from many other towns in the state.

Chicago now has forty-nine camps of Modern Women, with a membership in good standing of 10,000.

The Modern Woodmen of America has a membership in good standing of over 750,000.

There are now over 60,000 members of the Modern Woodmen in the Kansas jurisdiction.

A class of candidates numbering 1,700 was initiated in Chicago recently.

Order of the Inghols.
This comparatively young fraternity, with attractive ceremonies and degrees based upon the traditions and history of the American Indians, was incorporated in 1898 under the laws of New York as a fraternal, beneficial, insurance, secret organization.

The order has spread rapidly and has now working lodges in fourteen states of the Union.

The order takes its name from the Inghols confederation, which was the greatest Indian league ever known upon this continent. Its ritualistic work is attractive, dealing with the early history of our country.

Ancient Order of Foresters.
The "Forest" camp of the world did away with the past captain remuneration of the 175 of the order, and his staff are now paid fixed salaries from the funds of the order.

The Most Marian degree is an organization which no court should fail to establish a branch of, says the Foresters' Magazine. A well collected, up to date staff can be made a powerful aid to the local court.

Every court now existing can be made stronger, healthier and wealthier by a concerted effort to increase its membership.

Royal Neighbors of America.
The United Brotherhood now has 23,000 members in good standing.

During October 1905 new benedict certificates were issued.

The Royal Neighbors of America now writes a certificate for \$250.

"SAVE-THE-HORSE" SPAVIN CURE

BEWARE OF IMITATIONS

Tuscola, Illa., Nov. 15, 1905. Mamaroneck, N. Y., Nov. 7, 1905.

TROY CHEMICAL CO., Binghamton, N. Y.

Dear Sirs:—Yours of Nov. 11th, asking about results with "Save-the-Horse" Spavin Cure received yesterday and in reply can say that I had a driving horse with a bony growth on one of his front knees so bad that the leg was stiff and had to be moved sideways to go. My attention was called to "Save-the-Horse" Spavin Cure by my asking my druggist for something that would help or cure it, and he called my attention to this remedy and guarantee. I was fearful that it had been too long standing to be cured, and had him write the company and see what they thought about the case.

In a short time got letter from the company to sell me the Cure on the guarantee. So I brought it out and commenced using it as directed, and did not notice any effect for ten days—then a diminution could be seen, and before I had used all the medicine could not notice a particle of lameness and the enlargement had nearly all gone. Have been using the horse all the time since, and notice no lameness in that leg whatever. I would not have believed any medicine could have done the work so effectually. I have recommended it to several neighbors and think "Save-the-Horse" is unexcelled. Yours sincerely,

P. J. GATES.

"Save-the-Horse" Permanently Cures Spavin, Ringbone (except low Ringbone), Curb, Thoroughpin, Splint, Shoe Boil, Wind Puff, Injured Tendons and all lameness without scar or loss of hair. Horse may work as usual.

\$5.00 per bottle. Written guarantee—as binding to protect you as the best legal talent could make it. Send for copy and booklet. At druggists and dealers or express paid. Scores of letters to confirm and convince. Send for copies. Absolute and overwhelming evidence and certainty as to the unflinching power of "Save-the-Horse."

The case on which I used "Save-the-Horse" was a hog spavin of six months standing. I applied one-half of a bottle and the hog is now clean and sound. I think "Save-the-Horse" fills a long felt want. Very respectfully,
WALTER C. MOORE.
